This set is intended for cutting hair.

- DESCRIPTION**
- 1. AC/DC power adapter jack
 - 2. Charging indicator
 - 3. On/off button
 - 4. Blade block
 - 5. Cleaning brush
 - 6. Telescopic attachment
 - 7. Telescopic attachment 4/9/14/19 mm
 - 8. Power adapter
 - 9. Cleaning brush
 - 10. Lubricating oil
 - 11. Comb

SAFETY MEASURES

Before using the hair clipper, read this instruction carefully and keep it for further reference. Use the unit according to its intended purpose only, as it is stated in this user manual. Misusing the unit can lead to its breakage and cause harm to persons.

- Reminder:**
- Always cut off a little amount of hair at a time; you can always return to the cut off part for additional cutting.
 - Knead the hair with the comb (7) to reveal uneven locks.
 - It is better to leave longer hair after cutting for the first time.
 - After learning the unit better, you will be able to arrange your hair in any style you need.

Step one

Set the telescopic attachment (6) to the position +4 or +9. Then set the clipper to the position +14 or +19+, switch the hair unit with the blade block towards. Start cutting from the lower part of the head. Slowly move the clipper upwards. Cut the head back area at neck bottom and near the ears (pic. 2, 3).

Step 2

Switch the hair clipper by pressing the button (3) and set the hair unit to the position +14+ or +19+. Switch the hair unit with the blade block towards and continue cutting hair near the top of the head (pic. 5).

Step 3 - cutting temples

Switch the hair clipper, set the attachment to the position +9+ and cut hair on the temples. Then set the attachment to the position +14+ or +19+ and continue cutting towards the top of the head.

Step 4 - cutting the top of the head

Set the attachment to the position +9+ or +14+ cut the hair from the top of the head towards the crown against the hair growth.

- You can cut hair against and along the direction of hair growth, but keep in mind that the hair cut against the growth will be shorter than the hair cut along the growth.
- Use the attachment (6) to the position +4+ or +9+ for very short haircut. Use the attachment (7) to leave longer hair.
- To leave longer hair, take hair with your fingers and cut it with the comb (7).
- You can use the comb (11): lift the hair locks and cut them above the comb (11).
- Do not immerse the unit into water.
- Do not open the unit to avoid damage of unit.
- Never leave the operating unit unattended.
- If the unit was dropped into water, do not put your hands into water. Upload the unit immediately and only after that you can take up the hair again.
- Always cut the hair off during operations or when you do not use it.
- Do not allow children to touch the power adapter body during battery charging.
- Do not use the unit to use the unit as toy.
- This unit is not intended for usage by children under 8 years of age.
- This unit is not intended for usage by people (including children) with reduced physical, sensory or mental abilities or incomplete person's such persons. Such persons can use this unit only if they are under supervision of a person who is responsible for their safety and if they are given all the necessary and understandable instructions concerning the safe usage of the unit and information about danger that can be caused by its improper usage.
- For children under 8 years of age, please use the hair clipper only as a cutting tool.

Attention! Do not allow children to play with polyethylene bags or packaging film. **Danger of suffocation!**

- Do not dislodge the unit by itself. If any malfunction is detected, the power adapter is damaged, if the unit was dropped or broken, apply to the nearest authorized service center.
- Transport the unit in the original package only.
- Do not use the scissor for hairdressing.
- Clean-shaped haircut

From the front towards the crown. Cut hair from the head towards the crown. Cut hair from the head towards the crown and on the head sides (pic. 9). To get a flat top haircut, use the comb (11); lift the hair and trim them along the comb. Set the hair with the comb (11) to reveal uneven locks.

CLEANING AND CARE

The unit is intended for household usage only. **Using the hair clipper**

After unit transportation or storage at low temperature, it is necessary to keep for two to three hours at room temperature before switching on.

Remove the attachment from the unit body. Use the brush (9) to clean the attachments inside and outside from the cut hair.

You can wash the attachments under a water jet, then wipe the block of the on blades block (4) with the brush (9) and then wash the blade block under running water (pic. 10).

Dry the blade block and the inner surface of the hair clipper thoroughly before assembling.

Install the blade block (4) to its place by inserting the clipper body and pressing on the upper part of the block (4) with the brush (9) and then wash the blade block under running water (pic. 10).

Wipe the hair surface under the blade block (4) with water (pic. 10).

Do not immerse the power adapter into water or other liquids.

Check the unit for damages; do not use it in case of damages.

Before switching the unit on, make sure that your home mains voltage corresponds to unit operating voltage.

ATTENTION! Do not connect the unit to mains while the hair clipper is being washed.
